What’s In It For Me?

As a high school student, you will have the opportunity to explore the world of plant science.

By meeting new people with similar interests, you will form many new friendships!

Attend lectures as if you were a college student.

The opportunity to travel to APHIS/PPQ in Atlanta and meet the Beagle Brigade.

Compete to win prizes for answering trivia questions at the end of the day.

Participate in hands-on laboratory sessions, who knows you could get your hands dirty.

Meet with the other GAPSS students.

Learn about science as it relates to agricultural and biological science.

Be a resident in the University dormitories (Parents do not worry we have chaperones).

Have fun getting your hands dirty by working with plants and insects!

Interact with faculty, staff, and graduate students.

Have fun on the beautiful UGA Athens campus

Experience something that could change and enrich your life!
