

### **Second Saturday Community Farm Work Days**

Every Second Saturday of the month 10am – 12pm @ 235 Northside Drive

Sustaining a farm is hard work, and Williams Farm would not be the same without all the time and support volunteers like you provide! Come volunteer on the second Saturday of every month to help keep Williams Farm operating at its full potential. Get outside, get your hands dirty, and help contribute to an invaluable community resource! All are welcome, and no previous gardening or farming experience is required.

Located just two miles from downtown Athens, the Williams Farm is an oasis in the city. ALT staff, community members, and volunteers work together to grow produce, flowers, and herbs for our weekly farmer's markets, CSA program, donations to local food banks and soup kitchens. Williams Farm hopes to grow and market healthy affordable food to residents and businesses in the community, serve as a model of sustainable farming, and provide employment and skill-building opportunities for youth in the community.

Upcoming Dates: Jul. 8th, Aug. 12th, Sep. 9th, Oct. 14th, Nov. 11th, Dec. 9<sup>th</sup>

Volunteers will help with farm tasks such as planting, weeding, and harvesting. This is a great opportunity to learn about farming, engage with your community, and meet other folks that share your passions! Currently our biggest volunteer need is on Fridays to help prepare the garden for the farmer's market that we host every Saturday. All are welcome, no prior experience is required, and for your help we can send you home with fresh produce as it's available!
